The *Cross Country Scholarship* is a way to say thank you to Coach Dulin and the BDHS Cross Country Team and to encourage and reward runners for their commitment and passion to this sport. It is our hope that this commitment and dedication to running will continue through college and into a life long passion. Running is more than a team sport. It's a healthy way to live and enjoy life. It's something that can be shared with others or done alone. It exercises the body and heals the mind and soul. Where the challenge is your own goal and previous record. From the youngest to the oldest, it can be shared and enjoyed, whether for fun or for competition. In passion, ferocity, intensity, in joy, tranquility and calm, the exhilaration at the win, running can be many things.

Share the secret, share the run.

***Congratulations
and Best of Luck !!***
